

BLUE MOUNTAIN COLLEGE

POLICIES AND PROCEDURES

AREA: Student Affairs
NUMBER: Policy 4.10
SUBJECT: Student Health Services

The goal of Blue Mountain College Health Services is to improve wellness through the provision of quality health care in an atmosphere of helpfulness and caring. Quality health care services are provided in the following ways:

1. Any resident student who is sick enough to miss a meal, classes, or chapel is asked to report to the Resident Director. No food is to be brought to a student in his/her room from the dining hall without special permission.
2. If a resident student becomes ill during the night, the Resident Director must be notified. If medical treatment is necessary, the Resident Director will make arrangements to secure medical treatment for the student.
3. Any student needing medical attention while attending classes should report to the Office of Student Services or the Office of Business Affairs. The Health Service Coordinator will be contacted to provide the necessary service.

Hospitals are located in Ripley, Mississippi, which is located six miles from the campus and New Albany, Mississippi, which is located thirteen miles from the campus.

A limited student insurance plan is provided for all students who are full-time (twelve or more semester hours). This insurance is not designed to replace personal health insurance, which students should carry. The student and/or the student's family is responsible for his/her own medical expenses including those related to mental health.
